

# CS 440 Meeting Minutes

Group: 13

Date: 04/10/2021

Time: 4:00 PM

Duration: 30 Minutes

Present, on time: Tyler, Mansi

Present, not on time: Jasmine

Absent: N/A

Synopsis:

Wrote in Part III of the design document and drafted up the first tests for the main three functions of the coding project.

Recent Accomplishments:

- Tyler drafted the testing for the Emergency function and wrote the first section of Part III of the design document
- Jasmine: Implemented the REST API, used Volley to grab the JSON Object, and added an edit text to search up parks based on location of State, Park ID, and Name of the Park. Thus, showing the list.
- Mansi: Started researching on how to test and started working on the testing of the coding project. Worked on design document part 3.

Current Activities: Continue working on the design document part 3 and finish it up before the due date. Continue working on the coding project to remove minor bugs and work on the appearance of the app. Prepare for the next group presentation.

Action Items:

Mansi: Will work on minor bugs left after adding final features. Will work on the remaining parts left on the design report. Will get prepared for the next group presentation and work on the presentation powerpoints.

Tyler: Write more for the design document and begin implementing tests for the coding project.

Jasmine: Set up test cases to check for fetch information of json objects. Will also help write the part 3 design document.

All: Continue working on the rest of the design document and begin implementing the tests for the coding project. Afterwards, study for the upcoming midterm.
