Synopsis:

Worked on the remaining parts of the design document together and then decided on tasks for everyone for the coming week. Added sprints on Jira.

Recent Accomplishments:

- Tyler got the encyclopedia to work and fixed a very minor problem with the encyclopedia's UI
- Jasmine attempted the map api to our project and has a specific part appointed to it.
- Mansi: worked on intents and event listeners.

Current Activities: Working on Scenario 2 diagram that is due on Monday at 8:00am.

Action Items:

Mans: Will continue working on the UI with Jasmine and will also continue figuring out the firebase stuff. Try to fix bugs and issues with map api.

Tyler: Will connect firebase to register account information to save user info.

Jasmine: Will continue to work on api and will add more features for the main page to personalize the project to be more theme of Nature Park App. Will also change colors to the app and will add a hamburger menu.
