CS 440 Meeting Minutes

Group: 13

Date: 13 February 2021

Time: 5:00 PM

Duration: 120 Minutes

Present, on time: Tyler, Jasmine, Mansi

Present, not on time: N/A

Absent: N/A (Spencer has dropped)

Synopsis:

Roles were assigned to the group members within the first 5 minutes of the meeting. Difficulties with the chosen technology were discussed for the creation of the coding project, with the decision to drop development for including the National Parks Service API made official by all three group members. All three members then continued work on the preparations for the presentation coming up.

Recent Accomplishments:

- Jasmine Finished up the majority of the UI needed for the coding project
- Tyler has finished up roughly one half of Part 1
- Mansi has almost finished with account authentication through Firebase
- All worked on the design report

Current Activities: Work is continuing on the Design document, where most of the work is finishing up on Part 1, specifically sections 6, 7, and 8. Prep for the presentation has truly begun and has gone off to a very good start.

Action Items:

Mansi: Continue working on the UI with Jasmine, and continue working on authenticating with Firebase.

Tyler: Staple the NPS API into the app, see if transferring data will be simple for this

Jasmine: Continue working on the UI with Mansi

All: Will work on the oral presentation ppt.

All: Be prepared and finished for the presentation, and have Part 1 of the design document completed by the end of next week saturday. Complete presentation powerpoint by Monday 8AM. This is very important and needs to be placed at the front.
